

Morris Wall-Papers supplied through Architects.

November 1905.

ASUGGESTION having reached us from Architects that our rigid system of retail prices for Wall-papers causes difficulty in some cases with contractors, we have decided to relax it somewhat, and shall in future allow the contractors 10 per cent. discount (off Wall-papers only), in addition to the 5 per cent. discount for cash which we have allowed hitherto.

This is to be understood as applying only to orders given or certified by an Architect, as Morris and Company's prices are based strictly upon one profit, and do not admit of ordinary trade discounts.

We take the opportunity to say that Morris and Company are prepared to carry out Architects' own views and designs for decorative work in general, or to submit schemes of colour and material such as they may require—particularly for Church work, in which, it is unnecessary to mention, Morris and Company have had great and exceptional experience.

Designs and estimates for Morris Tapestries, or for Stained Glass (either original, or adapted from the numerous designs by Mr. William Morris and Sir Edward Burne-Jones if preferred) can be furnished at short notice.
